

Pupil Premium Strategy Statement 2017-2018

Pupil Premium Strategy Statement: Tonwell St Mary's CE Primary School

What is Pupil Premium?

In 2011-2012 the Government introduced the Pupil Premium Grant (PPG), which is additional to the main school funding. Schools are held accountable for how they spend the PPG to support pupils who receive this extra funding. For the current academic year, primary schools will receive a sum of £1320 for any child who had been in receipt of free school meals (FSM) any time during the last 6 years.

Additionally, children who are, or have been in care (CLA) are supported by a grant of £1900. Numbers eligible for support may change through the year but funding does not necessarily change. The Department for Education states that: "schools, head teachers and teachers will decide how to use the pupil premium allocation, as they are best placed to assess what additional provision should be made for individual pupils."

Why is it important?

The PPG is used to address underlying difficulties faced by some families. Our school uses the grant in a variety of ways to suit the individual needs of each child in receipt of the grant and help them to achieve their potential.

Total amount of Pupil Premium and Pupil Premium Plus received in 2017-18: £ 15,100

Parents are encouraged to register their child as eligible for Free School Meals so that Tonwell St Mary's School receives the maximum Pupil Premium entitlement. For more information, follow this link to the [Herts Direct Website](#).

Barriers to learning

What are the most prevalent issues which can affect rates of progress and levels of achievement?

- ❖ Attendance repeatedly below 96%/Repeated lateness
- ❖ Lower attainment for some children in English, particularly spelling and reading comprehension skills
- ❖ Social and emotional problems linked to home circumstances resulting in low self-esteem, poor behaviour choices, difficulty building friendships, limited concentration in class and problems socialising with others
- ❖ Lack of aspiration

- ❖ Limited life experiences and opportunities
- ❖ Limited access to extra-curricular activities

How do we address these issues?

Tonwell St Mary's School has a commitment to raise achievements for all pupils who are eligible for Pupil Premium and is determined to ensure through targeted support and whole school strategies that these children make accelerated progress and support them to achieve the highest levels. At our school, a robust cycle of daily/weekly/termly monitoring, assessing, target setting and reviewing will be used to inform pupil progress and enable the early identification of need to support planning of appropriate interventions, in order to raise attainment and diminish the gap between our PP pupils and other non-PP nationally.

Expenditure for 2016-2017

Pupil Premium money was spent on Specialist Teaching Assistant support, trips and training for staff. Interventions included reading comprehension activities, Write Away Together, Write Words and targeted maths support.

The effect on eligible children was that 82% (9/11) met age related expectations and 9% (1/11) exceeded age related expectations in reading, writing and maths. 82% made expected progress in reading, 73% made expected progress in writing and maths. This is above non-PPG children in the school with a gap of +7% (R), +1% (W) and +17% (M).

Planned expenditure for 2017-2018

Overview

Planned expenditure for 2017-18					
1. Summary information					Internal
Academic Year	2017-18	Total PP budget	£15,100	Date of most recent PP Review	March 2016
Total number of pupils	36	Number of pupils eligible for PP	11	Date of next internal review of this strategy	July 2017
